I understand the left have worn out all meaning of these words by saying racist 26000 times day

But that was a hate crime

Given Larry was out rallying publicly and she attacked him for her political beliefs = terrorism

Central Detention Facility Washington DC

American political prisoners have been held for more than 5 months in solitary confinement in 7' x 10' cells like these for 23 hours per day. These prisoners have not been convicted of any crimes; they are being held in "pretrial detention" for trespassing in the U.S. Capitol on January 6. Their trials might not begin until 2022, so they could spend a full year in solitary confinement. They have been denied bail, and they have no ability to meet with lawyers in private. They have 1 hour per day outside of these steel boxes for solitary "exercise," showers, and phone calls. In America.

Greg Kelly reads a transcript from late July that shows President Biden may have knowingly provided material support for terrorists, which could be interpreted as a criminal act.

Promoting race warfare has really paid off for Democrats

"Officer Lila Morris (Badge Number 5869) of the DC Metropolitan Police in
the 6th District is the officer ...seeming to aggressively beat an unarmed,
defenseless & unconscious woman on the steps of the Capitol "

afterwards.
Officer Morris was honored at the Super Bowl LV in Tampa, Florida in
February for her "heroism" at the Capitol and called a "superhero" by D.C.
Mayor Muriel Bowser. Officer Morris never made mention of the violent
encounter with Boyland on January 6th.

Morris is pictured below.
